

## Take-Back Request

In order to ensure that we can provide the appropriate arrangements for the receipt of the take-back of industrial waste batteries and accumulators please complete the following information and email this request to [takeback@creasefield.co.uk](mailto:takeback@creasefield.co.uk).

Please ensure that take-backs returned to Creasefield are suitable packed for transportation and contain a copy of this completed form. Batteries with Li-Ion chemistry can only be accepted when returned with the appropriate dangerous goods documentation in line with the ADR regulations. Creasefield are able to provide templates to assist should this be your requirement.

Company Name:	Company Contact:
Telephone Number:	Email:
Date Purchased:	

Battery Type e.g. AA, AAA etc.	Chemistry e.g. Alkaline, Nickel Zinc, Li-Ion, Li-Polymer, NiCD, NiMH, etc.	Number of Items	Weight
